Climate Change and Human Health Literature Portal

Driving disease emergence: Will land-use changes beat climate change to the punch?

Author(s): Slaney D, Derraik JG, Weinstein P

Year: 2010

Journal: The New Zealand Medical Journal. 123 (1322): 7-May

Source: Ask your librarian to help locate this item.

Resource Description

Exposure: M

weather or climate related pathway by which climate change affects health

Ecosystem Changes

Geographic Feature: M

resource focuses on specific type of geography

Freshwater, Urban

Geographic Location:

resource focuses on specific location

Non-United States

Non-United States: Australasia

Health Impact: M

specification of health effect or disease related to climate change exposure

Infectious Disease

Infectious Disease: Foodborne/Waterborne Disease, General Infectious Disease

Foodborne/Waterborne Disease: Campylobacteriosis, Cryptosporidiosis, General

Foodborne/Waterborne Disease, Giardiasis

mitigation or adaptation strategy is a focus of resource

Adaptation

Resource Type: M

format or standard characteristic of resource
